Again, this year the Saturday morning information session will follow a panel discussion format with an independent moderator and Q&A for each topic. Each panel will include 3-6 different speakers who will add their insight and personal perspective on topic discussions.

We need your help in helping meet our goals for the **2022** State Convention! Here's how you can help:

- Attend the event. Bring your family or a friend. This is #1 on the list for a reason!
- Encourage your chapter members and fellow chapter volunteers to attend.
- Help us identify any companies who might wish to sponsor some or all of the event this year and next. We have many different sponsorship opportunities including venues to display merchandise and/or advertise. It doesn't need to be limited to outdoor activities related companies. It can be a win-win for everyone.
- Donate a local outing from your chapter. It could be a guided trip like a hunt, fishing trip, airboat tour, canoeing or tubing adventure, or local lodging, sporting event, or something else. It doesn't matter if it's one-day outing without any meals/lodging or a multi-day outing with meals/lodging/open bar, or anything in between. This is a way to put habitat on the ground and promote the uniqueness of your local area and chapter.
- Help us in getting donated items to include in our live or silent auction. Everything is welcome.

Please contact Kyle Hildebrand at khilde78@gmail.com or (402) 301-6768. Your assistance and participation is appreciated.
