FOR A CONTINENT
— OUR WETLANDS. OUR LEGACY. —

YOU MAKE A DIFFERENCE

Four Generations of Conservation

Ducks Unlimited takes a continental, landscape approach to wetland conservation. Since 1937, Ducks Unlimited has conserved more than 18 million acres of waterfowl habitat across North America. While Ducks Unlimited works in all 50 states, Canada and Mexico, we focus our efforts and resources on the habitats most beneficial to waterfowl. As a Major Sponsor you can designate your gifts to any of the Ducks Unlimited conservation initiatives supporting the priority landscapes, if you choose to do so.

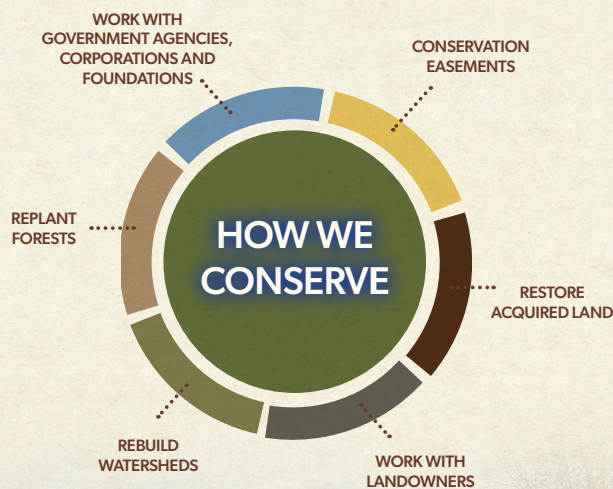

OUR VISION

Wetlands sufficient to fill the skies with waterfowl today, tomorrow and forever.

OUR MISSION

Ducks Unlimited conserves, restores and manages wetlands and associated habitats for North America's waterfowl. These habitats also benefit other wildlife and people.

Filling the skies with waterfowl above begins with saving the wetlands below.
